GULF COAST STORM.

Damage Done on the Coast of the State of Florida.

SHIPS ARE WRECKED

The Storm Reaches Louisiana Coast, but the Damage Is Not Great. Wind Reached a Velocity of One Hundred Miles.

Miami, Fla., Sept. 8.—The tropical hurricane which has done considerable damage on the islands of Jamaica and Cuba, struck the Florida coast Wednesday morning, the wind at one time reaching a velocity of nearly 100 miles an hour.

It is feared that the crews of at least two vessels were swept overboard about 80 miles south of here. No damage was done at Miami.

The barkentine Culberson, Captain Richter, of St. John, N. B., laden with 830,000 feet of fine lumber, is ashore five miles south of Carey Foot Light, about 35 miles south of Miami. She is water-logged. The Culberson was driven by the force of the waves over one of the innumerable reefs forming the inner passage and is lying in 12 feet of water. Nothing has been heard of her crew. The Culberson sailed from Passagoula, Miss., Aug. 23 and was bound for Rosario, Argentine Republic.

Three miles south of the wrecked vessel is a deserted lumber laden bark which stranded during Wednesday night. The crew it is feared were swept overboard during the storm. The vessel has a windmill and is consequently thought to be a Norwegian.

Considerable damage has been done at West Palm beach by the hurricane.

A number of small boats, which were anchored in the inland lakes were torn from their moorings and sunk. Several docks and sea walls were badly injured. In many of the warehouses on the docks the plastering became soaked with water and fell, doing damage to their contents.

STRIKES LOUISIANA.

Two Men Reported Drowned and Damage to Crops Is Great.

New Orleans, Sept. 8.—The storm which has been expected for several days materialized yesterday and all the southern coast of Louisiana has been swept. The sea water has been backed up to the Mississippi river levees on the east bank.

Dr. O. H. Burford and Superintendent Richard Quinn, government officers at Fort St. Philip, went down the river in a catboat on Thursday evening and late Friday evening the boat was found floating bottom up. They were unquestionably drowned.

The damage to crops from sea water is large.

The oyster schooners took warning and most of them sought shelter before the storm broke.

No material damage was done in this city or along the gulf west of the Mississippi.

The wires on the east bank of the river to Fort Eads went down yesterday evening.

MORE STORM NEWS.

Reports of the Damage in the Vicinity of New Orleans.

New Orleans, Sept. 8.—The storm which struck New Orleans early Friday evening continued its fury with a heavy downpour of rain until daylight this morning, doing no serious damage in this city, but prostrating telegraph and telephone wires in all directions.

No reports of the loss of life in addition to the two men mentioned in Friday night's dispatches have been received, but a large section of Louisiana felt the effects of the blow and there are reports that considerable cane has been blown down.

Numerous rumors as to the loss to shipping on Lake Pontchartrain, but at West End and Milneburg nothing confirmatory of these rumors has been received.

The big excursion steamer New Camelia came through the storm in fine shape and reached the city on time.

Lake Pontchartrain was a miniature sea all night and pounded the revetments all along West End and Milneburg, but no structures were lost.

Through New Canal, however, sea water backed up and traffic over the road suspended. The Louisville and Nashville road is the only trunk line that reports trouble. Some trains were tied up, the eastern and coast inbound trains being far behind, and outgoing trains were held to await the arrival of others. Damage is reported to the bridge at St. Catherine and sea, water backed up against the track at many places along the Mississippi sound. Several hundred feet of track were un-

dermined and train crews sent out to anchor it.

No definite news has come of the effect of the storm at Grand Isle and Cheniere Caminada and none thus far of conditions at the mouth of river.

Three stormbound trains on the Louisville and Nashville have reached here. Officials said there was a 8-foot wash-out at Lookout, 17 miles from New Orleans. The break has been repaired.

The schooner J. J. Clarke ran against Rigolets bridge and turned the turtle and went under the bridge. She was loaded with merchandise and is now floating bottom up. The crew managed to clamber on the bridge and saved.

NEARING GALVESTON.

Storm Only Fifty Miles Away With the Highest Tide in Years.

Galveston, Sept. 8.—A storm which has been prevailing on the gulf for 24 hours, has not yet reached Galveston. The center is now about 50 miles southeast and a strong wind is setting in from the shore that way. The barometer is falling here and the storm center may possibly strike this neighborhood.

The storm has caused the highest water in 10 years. This morning the surf is breaking over the beach front from East Broadway around to the foot of Twenty-fourth street and the water has crept in on one or two blocks. In the low places it has crept up the streets for five or six blocks. So far there is no damage.

The water is quite high on the bay side but a strong north wind prevents damage in that direction. If the wind shifts to the southeast, there will be considerable inundation, but no serious damage is likely because while the waves are high, they have little force. The shelving of the beach breaks the force of the wave's action before it reaches the shore.

At noon the wind was veering to the east, and the water in both the bay and gulf was rising slightly, and growing more boisterous.

There is a report that the steamer Charlotte M. Allen has gone ashore.

Struck Pass Christian.

Pass Christian, Miss., Sept. 8.—The predicted windstorm reached its height at 6 o'clock Friday evening and for an hour it blew at about 50 miles an hour, accompanied by a heavy rainfall. All vessels in the harbor rode through safely and very little damage done.

A New Steamboat Line.

Philadelphia, Sept. 8.—The Baltimore and Ohio Railroad company, whose new pier at Jackson street wharf has just been completed, is reported to have closed contracts with the North German Lloyd Steamship company for an English steamship line for regular service between Philadelphia and Bremen and Philadelphia and London respectively. For the time being chartered vessels will be used for the Loneon service.

Ardmore to Have Free Delivery.

Ardmore, I. T., Sept. 8.—The news comes from Washington that Ardmore will be the first town in the Indian Territory to be given free mail delivery. The information is to the effect that the system will not be inaugurated before next spring. Before this is done all the streets must be named and properly numbered and the sidewalks put in first-class condition. Other towns later on will also have free mail delivery.

Boiler Blew Out.

Columbia, Tex., Sept. 8.—The boiler of Dance Bros.' gin blew out here Friday and was driven over the river bank about 30 yards from its bed and lodged in the mud. A terrible volley of steam and brick was shot in the opposite direction, scalding and bruising a pair of mules. No person was hurt. Loss about \$1000, no insurance.

Baden-Powell Welcomed.

Cape Town, Sept. 8.—General Baden-Powell has arrived here. In spite of the early hour of his arrival a great public ovation was given in his honor. The crowd carried him on their shoulders from the railway station to the government house, a distance of half a mile.

Francis Hinckley Dead.

New York, Sept. 8.—Francis Edward Hinckley, one of the incorporators of the Chicago university and prominently identified with many important railroad and commercial enterprises, is dead at his home at West New Brighton, Staten Island.

Cleveland Declines.

Washington, Sept. 8.—Ex-President Cleveland declined the president's appointment as a member of the international board of arbitration under the Hague treaty. Ex-President Harrison has accepted the appointment.

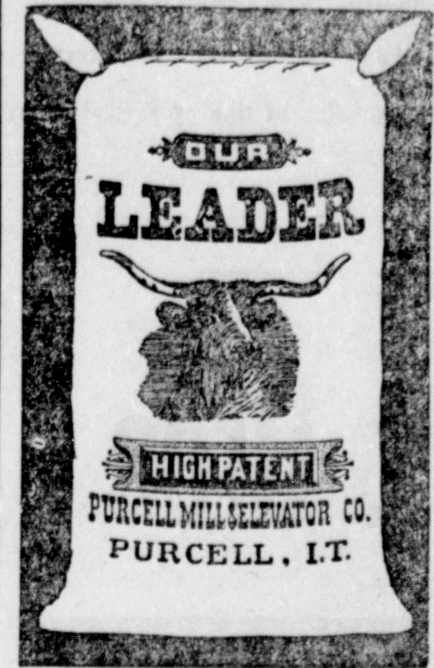

Says Huntington Will Win.

San Francisco, Sept. 8.—Third Vice President Stubbs of the Southern Pacific railroad has returned from New York. Mr. Stubbs is of the opinion that H. E. Huntington will be elected president of the company.

Two More Plague Cases.

Glasgow, Sept. 8.—An official bulletin issued says two additional bubonic plague cases have been admitted to the hospital and nine additional persons have been placed under observation.

September Days

Are at hand and we want your grocery trade, or atleast a share of it for this month. We promise the best service—courteous treatment, prompt delivery and the best goods at the lowest prices. We are receiving

Fresh groceries

Constantly and keep pace with the seasons in our purchases. We will make it to your interest to try us this month.

The Bryan Grocery Co.,

TOM A. SEARCY, Manager.

Pipe work and plumbing.

Water Backs in Stoves, Fitting up Reservoir, Bath Tubs, Hose Repairing, Etc. Leave orders at Wilcox's blacksmith shop or at The Bryan Eagle office; work promptly done.

M. F. HEENAN.

Population of Portland.

Washington, Sept. 8.—The census bureau announces the population of Portland, Ore., to be 90,425 against 46,385 in 1890. Increase of 44,041 or 94.95 per cent.

The population of Nashville, Tenn., is 80,865 against 76,153.

Atlantic City, N. J., is 27,838 against 13,055. This is an increase of 113.24 per cent.

Peoria, Ill., is 56,100 against 41,024.

Mobile, Ala., 38,459 against 31,076 in 1890. Increase of 7393 or 23.79 per cent.

Lincoln, Neb., 40,169 against 55,154 in 1890. Decrease of 14,985 or 27.17 per cent.

Wants an American Escort.

London, Sept. 8.—A special dispatch from Shanghai says Li Hung Chang has made a request for an American escort to accompany him to Peking and that United States Consul Goodnow is considering the request.

Peter James, a German bachelor, was assassinated at his home near Holdenville, I. T. No clew.

"Getting Money From Home"

Is a fine thing, as everyone will agree—the next best thing is keeping it at home. You may think your laundry bill is a small item when you send it away from home, but many small orders sent away make a big hole in the profits of a home enterprise.

THE AMERICAN LAUNDRY

Guarantees to do strictly first-class work promptly and at reasonable prices. We cheerfully correct all mistakes when called to our attention. Drop us a postal or 'phone 141 and we will get your bundle and appreciate your patronage. Two doors south of Exchange hotel.

American Laundry.

The Press Publishing Association's scensus guessing contest for \$52,000.00 in premiums will probably not close before October 15th, as it will be November 15th before the official count can be announced, according to present estimates. Those who wish to guess have plenty of time yet.

We want your grocery business....

For September and will make it to your interest to trade with us. We never sacrifice quality in making low prices, but we never charge fancy prices for the best. A trial order will convince you that our claims are based on facts.

DEE MIKE, JR.,

PHONE 55.

LOOK this way!

KEEPING ABREAST of these stirring times, we are now receiving the largest and handsomest stock of goods we have ever handled. It is complete and up-to-date in every respect and embraces all the new and correct styles. We are showing an elegant line of ladies' shirt waists and skirts.

Webb Bros.

Emmel's Prescription Pharmacy.

The esteemed Houston Post comments in a humorous way on a paragraph from the Eagle noting the absence of political excitement from the present campaign. The paragraph in question referred to the situation in Texas, and the Eagle stands by its original statement. Texas is serenely solid for Bryan and busy with an industrial campaign in which, by the way, the Post is aiding, and using space far more wisely than that devoted to a strenuous political campaign in a state which at the national convention boasted of 200,000 democratic majority.

Railroad Celebration.

Those who attended the railroad celebration at Bryan last Thursday, August 30th, speak in high praise of the manner in which the entertainment was conducted.

It was indeed a great day for Bryan and will materially increase the business of her merchants.

Bryan developed into a thrifty town with just one railroad; what will she do with such an addition as the C. W. & B. V. railroad. This line passes through the richest agricultural region of any railroad in the state. And when it shall have been completed north and south to its prospective terminals will be one of the most important lines in the state of Texas.

Last Thursday's celebration was a grand success. The crowd was immense and the substantial part of the program—the dinner—was all that could be wished for.

The procession composed of brass bands, military companies, decorated vehicles, fire companies, and trades display was the equal of any heretofore exhibited in the state.

The Record considers that Bryan has taken a long step forward in securing this new railroad and herewith extends congratulations.—Grimes County Record.

SOUTHERN COTTON MILLS

Now Using Forty Per Cent of the Consumption in This Country.

Baltimore, Sept. 8.—In 1897 it was announced with a great deal of satisfaction to persons interested in the steady industrial development of the south that the cottonmills of that section had passed the million mark in the use of bales of cotton. The total consumption by southern mills in that year was 1,042,671 bales, or about 36 per cent of the total number consumed in the country. In the year just closed, however, the consumption by southern mills has gone beyond the million and a half mark, the total number of bales used being 1,597,112, or more than 40 per cent of the consumption in the country.

This showing was to be expected in view of the rapid expansion of mill building in the south during the past year, as one town after another has started a mill for the first time, or has added to the mills already in operation, or increased their capacity. There has been possibly a slight decline recently in definite plans for additional mills, although the belief in the future of the south in this field is as strong as ever, while the support of the movement for textile training is becoming stronger every day.

A gratifying feature, however, of the textile news presented during the past month by the Manufacturer's Record was in the reports of the near completion of newly organized mills. There were nine of these mills, four in North Carolina, two in South Carolina and three in Georgia, each expecting to commence producing goods shortly. Their equipments range from 2500 to 23,000 spindles and from 200 to 700 looms and represents a total of 75,560 spindles and 2224 looms and an investment of \$1,500,000.

Since the turn of the month the \$75,000 plant of the Eatonton Electric company of Eatonton, Ga., has been completed, and it is proposed to begin operations about the middle of the month with 2500 spindles and 100 looms.

The capital of the Lowell Cotton mills at Lowell, N. C., nearing completion, has been increased from \$75,000 to \$100,000 for the purpose of adding 2000 spindles to the original equipment.

It has been decided to make the equipment of the Alpine Cotton mills of Morganton, N. C., 7000 spindles and 3500 twisters.

The capital of \$60,000 for the Lavonia Cotton mills at Lavonia, Ga., has been subscribed, and a contract will be placed for a building to accommodate 2500 spindles.

The Winder Cotton Mills, Winder, Ga., has decided upon a building two stories high, 87 by 312 feet contain 5000 spindles and 50 looms, and also upon the erection of 50 tenant houses for operatives.

Other projects reported during the week are the organization of a \$75,000 company to build a 4000 spindle mill at Madison, Ga., a doubling by the Rushon Cottonmills, of Griffin, Ga., of its equipment of 5000 spindles and 160 looms and the erection of 140 cottages to accommodate operatives for the large addition to the mill of the Dallas Manufacturing company of Huntsville, Ala., and the addition of 25 looms to the mills of the Piedmont, S. C., Manufacturing company.

ANOTHER COTTON REPORT.

The Condition in West Tennessee Mississippi, Arkansas and Alabama.

Memphis, Sept. 8.—The first cotton report of the season for the Memphis district has been issued by the Delta Cotton company, gives the substance of 514 reports from correspondents in West Tennessee, Mississippi, Arkansas and North Alabama. Favorable weather is reported by 122, unfavorable by 302 and less favorable than last year by 438. Thirty say crop conditions are good, 250 only fair and 245 poor. Sixty report the condition better than last year and 424 not so good.

The crop was heavily damaged by excessive rains in June and the first half of July, followed by a hot, dry spell, causing heavy shedding, rust and blight. Picking became general by Aug. 20. Labor satisfactory.

The corn crop is short.

The Board Must Decide.

Indianapolis, Sept. 8.—Under the constitution of the United Mine Workers of America the executive board must decide before 6 o'clock tonight upon the application of the district embraced in the anthracite region for permission to strike.

Indications are that before the time limit has expired messages will have been sent to the presidents of the three districts in question announcing that the permission has been granted. Following these messages it is believed there will be others ordering the men out of the mines.

Old Charge of Murder.

Poughkeepsie, N. Y., Sept. 8.—On the charge of murder of a neighboring farmer committed 14 years ago, Peter Austin has been arrested on the evidence furnished by a skeleton discovered two weeks ago at the bottom of a well on a farm in Stormville, formerly owned by the prisoner. The skeleton is believed to be that of Charles Brower, once employed by Austin, and who suddenly disappeared from his home in Stormville, Dutchess county, on July 2, 1886. Austin refused to talk when arrested. He is one of the best known farmers in the county and is considered well off.

Minister for Congress.

Charlotte, N. C., Sept. 8.—Rev. W. H. L. McLaurin, a Methodist minister of Mocksville, N. C., has been nominated for congress by the Prohibitionists of the Fifth district.

ANNOUNCEMENT.

I have made satisfactory arrangement for the opening of my school, and beg to announce to the people of Bryan that the initial year of the Bryan Female Academy will begin on Monday, September 17 at 9 o'clock a. m.

I have rented for temporary use the school-room owned by the Catholic parish and used last session by Miss Dollie Carr. It is a comfortable house, large enough for our present need, already furnished with patent desks, and conveniently located.

A very substantial patronage has been guaranteed to me, and the sentiment of the people of Bryan is favorable to the enterprise, which is intended to be the foundation of a school for girls long needed, long talked of and desired, and one which the people of Bryan may delight to foster and encourage.

Tuition will be \$5 per month payable quarterly in advance, and \$1 per month in addition for French, German or Spanish.

The school for the ensuing year will be limited to twenty pupils. Applications for entrance should be made as early as possible. State tax-books will be used, with few exceptions, and pupils from the sixth grade up will be received. Further announcements as to course of study, etc., will be made by circular.

Respectfully,
Mrs. Fannie Reese Pugh,
Principal.

Music Pupils Wanted.

Miss Lilian Parks desires a few pupils in music. She is a graduate of the music department of Nash College, Sherman, and is competent to give correct instructions, and proper advancement. 40

Lemp's bottle beer is the best. 63

My residence for sale cheap on easy terms. J. Oscar Hall. 42

Miss Berryman desires to thank her friends and patrons in music for past favors, indulging the hope that she may be placed under renewed obligations to former patrons and new ones. Her music class begins with the opening of the city school. 239

Notice.

No bill against the W. L. & P. Co. will be paid unless the order for services rendered or items purchased, is authorized either verbally or by written order by the Superintendent, and no receipt for monies due the above company will be recognized unless signed by the superintendent. By order of the Company. 240 W. H. Harman, Supt.

Get your fresh meats of all kinds at

News was received here last night
of a heavy storm on the coast; the
telegraph wires to Galveston were
down, the approaches to the railroad
bridges thought to be unsafe and
travel was no doubt stopped. The
H. & T. C. excursion, advertised to
pass here this morning, was called
off. Heavy rain and wind is reported
from Houston. Further particu-
lars could not be obtained, but fam-
iliarity with the coast country
leaves little doubt that a big blow
has occurred.

With the compress, oil mills and
various gins under full headway,
trains switching on two railroads,
the streets crowded with wagons,
sidewalks jammed with people, all
kinds of mechanics and laborers
busy, merchants selling goods and
cotton away up yonder Bryan was a
busy town yesterday and must have
made a favorable impression upon
the strangers within her gates.
Commenting on the cotton crop,
a Clay, Burleson county correspond-
ent says: "Between the sharpshoot-
ers, boll weevils and regular cotton
worms it looks like there would not
be much cotton left for the landlord
let alone the poor renter."

Jas. W. Henry, mail clerk between
Balestine and Galveston, left yester-
day after visiting relatives at Edge.
He was accompanied this far by W.
R. Henry.

Mrs. E. J. Fountain entertained a
few couples Friday evening com-
plimentary to her guest, Miss Saun-
ders of Galveston.

Paul Bradley has returned from
Chicago with a new and handsome
line of shoe samples from M. D.
Wells & Co.

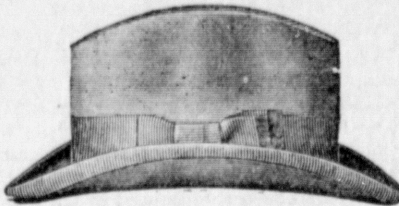

Norwood is showing a new and
elegant line of dress goods to which
the attention of the ladies is in-
vited. 242

The grand jury adjourned yester-
day until Monday morning without
having returned any indictments.

Caldwell's cotton receipts up to
Thursday noon, Sept. 6, were 337
square bales and 160 round bales.

Norwood has secured the services
of first-class up-to-date dress goods
man. 240

The Volney correspondent of the
Caldwell News-Chronicle says: "We
had quite a romantic elopement here
last Sunday morning. Miss Mary
Ivy and Henry Vincent finding they
could no longer live apart left for
Bryan to get married. As the bride
and groom were both under age our
county clerk would not grant them
the license, so they went to Bryan.
We wish them a long and prosperous
journey through life."

Mlle Floridini is already widely
known throughout the United States
and Canada as a great singer. Most
of her study has been under that
eminent teacher of the Italian school,
Sig. Augustus Rotoli, of Rome, Italy.
Her voice is a high soprano, is even
throughout its compass, and is alike
sweet and powerful.—New York
Herald.

A Navasota special says: "Deputy
Henry Scott returned from Galves-
ton Friday where he had gone to
deliver the stomach of Dick Spell to
a chemist for examination to deter-
mine whether it contained poison."

In some unaccountable manner the
notices of R. M. Gordon & Co. and
of the Bryan Water, Light & Power
Co. were mixed in the make up of
the paper yesterday morning, the
signature of the latter being attached
to a part of the former.

Dr. Tom Erwin was here yester-
day looking after his interest in the
Brazos bottom. He reports great
ravages from the cotton pests in
Waller county.

Miss Beatrice Hearne has returned
to school at St. Mary's college,
Austin. She was accompanied by
Miss Lottie Hearne.

Serious alarm is felt in regard to the
ravages of the pests which are doing
an immense amount of damage to
the cotton crop.

Judge and Mrs. John N. Hender-
son and son, Master Thurston,
arrived from Austin yesterday, hav-
ing moved back to Bryan.

STRONG DOCUMENT.

McKinley's Letter of Acceptance Said to
Be Exceedingly Good.

Washington, Sept. 8.—President Mc-
Kinley's letter of acceptance, which is
to be published in a day or so, is said by
members of the administration to be the
strongest presentation of the Republican
side of the issues of the present campaign
that has yet appeared.

The president has not sought to avoid
the question of imperialism. Much of
his letter is devoted to the issues raised
by his administration of the islands
wrested from Spain. He shows what
has been done in the way of improving
political conditions in these islands.
Attention is called to steps that have
been taken toward the establishment of
a stable and independent government in
Cuba. The establishment of a civil gov-
ernment in Puerto Rico, in accordance
with the act of congress, and the in-
stitution of civil government in the Philip-
pines under the Philippine commission
are referred to.

Another theme to which much atten-
tion is given in the letter is the pros-
perity of the country under the present
tariff and monetary systems. This
brings up the financial issue, on which
the president is said to take a firm stand
in support of the maintenance of the
gold standard as essential to the contin-
uance of the present commercial and in-
dustrial prosperity of the country.

ADDRESSES HOLLANDERS.

Roosevelt Makes a Hit Among His
People in Michigan.

Holland, Mich., Sept. 8.—Governor
Roosevelt began the closing day of a
flying tour through Michigan by ad-
dressing an audience composed almost
wholly of Hollanders and their decen-
dants. In Holland city park 2000 peo-
ple assembled. President Kollen of
Hope college presided and referred to
the fact that Roosevelt came from Hol-
land stock, like themselves and said:
"Governor Roosevelt is a Dutchman."

In acknowledging this sally Govern-
or Roosevelt smiling opened his address
with: "My fellow Dutchmen." This
set the crowd to cheering and some of
the old settlers yelled Dutch salutes and
Roosevelt responding said: "The
chairman of your Republican state com-
mittee came from Dutch stock. Minne-
sota Republicans nominated a Dutchman
for governor and counting myself in I
think the Dutch are pretty well in it
this year."

HILL SPEAKS FOR BRYAN.

The Ex-Senator Declares Himself for the
Democratic Nominee.

Herkimer, N. Y., Sept. 9.—Ex-Senator
Hill's appearance here Friday evening
caused something of a sensation in
political circles. He came ostensibly
to visit his old friend, ex-Judge Earle.
He was met by Judge Earl at the Cen-
tral depot and went with him to the
Palmer House, where they dined. In
the evening Mr. Hill made a speech, the
chief feature of which was his reiterated
declarations in support of Bryan. There
was some talk that Judge Earl was to
be advanced as a compromise candidate
for governor but the judge said emphat-
ically that his name was not to be con-
sidered. Mr. Hill declared that he came
on a purely social visit.

No Free Trains This Year.

Chicago, Sept. 8.—Railroads operat-
ing south of the Ohio and east of the
Mississippi have departed from the old
time campaign year custom of gratui-
tously wheeling presidential and vice
presidential candidates and their retin-
ues about the country on electioneering
expeditions. This year they want \$150
per mile for hauling special trains.

El Paso to Build Schoolhouses.

El Paso, Tex., Sept. 8.—The city
council has authorized Mayor Magoffin
to call an election to vote on the issuance
of bonds to the amount of \$75,000 for
the erection of a high school building,
and one ward school building to meet
the increasing needs of the city schools.
Two hundred and eighty-six children
have been turned away from the schools
since Monday, and it is known that
many others have not applied, knowing
that there was no room for them.

New Railroad Projected.

Pasie, Tex., Sept. 8.—A party of sur-
veyors for the extension of the Paris,
Choctaw and Little Rock railroad, in
connection with the Memphis and Hot
Springs road, completed a survey a day
or two ago from Mera, Ark., to the
mouth of the Kiamitia river, and is now
going back resurveying the route. The
proposed extension from Mena is an en-
terprise of the property owners of that
place. A road will be built by Paris
capital to connect with it.

Will Use Automobiles.

Detroit, Mich., Sept. 8.—At a meeting
of the executive committee of the Na-
tional Association of Street Railway
Employees held here President Mahon
was instructed to draft a plan by which
the local unions are to be assessed for
raising a fund with which to purchase
automobiles for use by street railway
men in cities where the street railway
strikes are in progress.

Gold Quartz in Grimes County.

Navasota, Tex., Sept. 8.—The speci-
men of gold quartz that was brought in
here a few days ago by William Ste-
wart will assay nearly \$30,000 per ton in-
stead of \$1000 as previously stated. As
soon as the land on which the mine is
situated can be secured the work of de-
veloping it will begin.

Shot Himself With a Toy Pistol.

Uvalde, Tex., Sept. 8.—A small Mex-
ican boy shot himself accidentally here
with a toy pistol. Physicians say there
is no hope for his recovery.

MISSIONARIES KILLED.

First List of Those Murdered in
China by the natives.

NUMBER THIRTEEN.

No News as to Any Change in the Sit-
uation—Washington Authorities
Consulting as to the Next
Step to Be Taken.

Washington, Sept. 8.—The state de-
partment is in receipt of a cablegram
from United States Consul General
Goodnow at Shanghai, dated Sept. 7,
reporting the deaths about July 31, at
Fun Chu and Taku of the following
missionaries:

Rev. and Mrs. C. W. Price and their
daughter Florence.

Rev. and Mrs. E. R. Alateer and two
children.

Rev. and Mrs. D. H. Clapp.

Rev. George L. Williams.

Rev. T. W. Davis.

Miss Owena Bird.

Miss Mary L. Partridge.

The department has notified the re-
spective missionary boards of which the
victims were members and their rela-
tives as far as possible.

Mr. Goodnow's message does not say,
but it is supposed all the dead were
murdered by the Chinese. The depart-
ment has had many inquiries as to miss-
ing missionaries and the above is the
first list of any of the missing.

There is no substantial development
in the Chinese situation. Mr. Takahira,
the Japanese minister, called at the
state department to talk over the condi-
tions with Acting Secretary Hill. The
minister said he had nothing new from
home touching the Chinese trouble.

There is reason to believe negotiations
have reached another crisis and devel-
opments of importance are expected, the
nature of which it is not possible at
present to outline. It is apparent the
state department officials are giving a
good deal of attention to discussion of
the personnel of the commission to ad-
just some phases of the Chinese trouble.
It is again stated that Li Hung Chang
is still at Shanghai and unofficial ad-
vices that reach here indicate he is not
likely to leave for Peking, notwithstand-
ing reports to the contrary.

Acting Secretary of State Hill, author-
izes the announcement of a telegram
from Commissioner Rockhill, dated at
Shanghai, Sept. 7, which states that
missionaries arriving from the west and
northwest report quiet along the routes.
Many northwest provinces indicate
signs of disturbance.

Marines Withdrawn.

Berlin, Sept. 8.—A dispatch from
Amoy, under date of Sept. 6, announces
that all of the foreign marines landed
there and at Kulang Fu have been with-
drawn.

Naval Brigade Leaves Peking.

London, Sept. 8.—The British ad-
miralty announces that the members of
the naval brigade who participated in the
relief of Peking have rejoined their
ships.

CONTEMPT OF COURT.

A Justice Sentenced and Fined in the
Federal Court of Alabama.

Birmingham, Ala., Sept. 8.—In the
United States district court here Judge
William Grady, justice of the peace at
Pratt City, was sentenced to 10 days im-
prisonment in the county jail and to pay
a fine of \$25 and costs. The charge
upon which he was convicted was con-
tempt of court. The action grew out
of proceedings in a bankruptcy case.
Some days ago Referee Trimble issued
an order to Grady commanding him to
show cause why he should not dismiss
a certain garnishment. Grady failed to
notice the order and another one was
issued instructing him to dismiss the
garnishment. He failed to obey again
and then the matter was taken to the
district Federal court.

Judge Swain then instructed Grady
to dismiss the garnishment and again
the latter refused. An order was then
issued commanding the Pratt City jus-
tice to appear and show cause why he
should not be punished for contempt.
Grady failed to respond to this order
and an attachment was then issued for
him.

Case of Smallpox at Odessa.

Odessa, Tex., Sept. 8.—County Health
Officer Wilson discovered a refugee case
of smallpox from the White Oaks country
in town, but not until a number of peo-
ple had been exposed. Considerable
excitement prevails, several families
having left town for adjacent ranches.
The case has been held under quarantine.

More Stranded Endavorers.

New York, Sept. 8.—The steamship
Trave brought back more of the Chris-
tian Endeavor delegates to the interna-
tional convention in London. This is
said to be the last contingent. Many of
this party, like those who preceded them
home, were stranded in various parts of
Europe.

Courthouse Plans Adopted.

Waco, Tex., Sept. 9.—The contract
for plans for the new courthouse has
been awarded by the county commis-
sioners to J. Riley Gordon of Dallas.
The style of the proposed structure is to
be Italian renaissance, and it is esti-
mated the cost will approximate \$200,000.

REGARDED AS NONCITIZENS

Persons Admitted to Citizenship Not En-
titled to Full Fellowship.

South McAlester, I. T., Sept. 8.—
The county court of Tobucksky county,
Choctaw Nation, has decided that per-
sons admitted to citizenship by the
United States court are not entitled to
exercise the privilege of Choctaw citi-
zenship. The final enrollment of such
persons is now being contested before
the Dawes commission and the secretary
of the interior, and they are finally en-
rolled and the roll approved, they are
regarded as noncitizens. Some 4000
persons have thus far been admitted by
the United States court and this deci-
sion affects them all as a class and is a
declaration by the Choctaw authorities
that they will not be allowed to partake
of any of the benefits and privileges of
Choctaw citizenship at this time.

Counterfeiters Captured.

Chicago, Sept. 8.—United States se-
cret service officers made an important
capture of counterfeiters here. At 337
Illinois street they found a man, said to
be John William Keyes and wife, who
had a complete counterfeiting outfit.
The metal was still hot showing that
they had been interrupted in their work.
A dozen plaster of paris moulds for dol-
lars, halves and quarters, a number of
files used to finish the coins and a large
number of coins in various stages were
found. Common solder was the chief
metal used in the composition, but brass
was used to harden the coins. The dol-
lars were of the 1894 issues of the New
Orleans mint, while the half dollars and
quarters were of the 1899 issues.

Prefers Suicide to Hanging.

Wilmington, N. C., Sept. 8.—Archie
Kinsauls, a condemned murderer, who
was sentenced to be hanged Friday at
Clinton, made two unsuccessful attempts
early Friday to commit suicide in his
cell, one by cutting his throat from ear
to ear and another by taking morphine.
The chief executive then granted the
murderer a respite of one week. Kin-
sauls, who is a Democrat, was con-
demned to die for the killing of a Popu-
list in the heated political campaign of
1896.

"Holmes Castle" Sold.

Fort Worth, Tex., Sept. 8.—The
"Holmes Castle," which figured in the
many sensational transactions of Holmes
the murderer, who was tried and exe-
cuted, was sold here to H. H. McGahey,
who will remodel the building and
christen it "The Manhattan Flats."
The property was in litigation for some
time after Holmes was placed in prison,
charged with the murder of two young
ladies for which crime he made expia-
tion.

Found Dead Beside the Track.

Giddings, Tex., Sept. 8.—August
Schneider, a German farmer living a
few miles from town, was found dead a
few feet from the Houston and Texas
Central railroad track a short distance
from the business portion of town. He
attended a celebration given by the Sons
of Hermann. His family left for home
before night. He stayed for the ball and
it is supposed he was struck by the west-
bound mixed train.

Captured a Safe Blower.

Fort Smith, Ark., Sept. 8.—A safe
blower was captured at Hackett while
robbing the store of Johnson & Pace.
Sounds were heard in the store and a
posse quietly organized to capture him.
Men with guns surrounded the house
when the burglar was called on to sur-
render. He made a break and was shot
through the leg. He is a good looking
well dressed, middle aged man, and a
stranger in the community.

Census of Fifty-Four Cities.

Washington, Sept. 8.—The census
bureau up to Friday night had tabulated
the returns of 54 cities. These show a
population of 14,644,711. This is an
average increase in population per city
of 27.90 per cent. The same cities in
1890 had a population of 11,160,045,
making a total gain of 3,484,666.
The population of Portland, Me., is
50,425 against 36,425 in 1890.
Racine, Wis., is 29,102 against 21,014.

Will Go to Manila.

Washington, Sept. 8.—The transport
Warren reached Nagasaki Friday with
two battalions of the Ninth cavalry and
recruits aboard. The health of troops
is reported to be excellent. The Warren
will proceed to Manila.
The department is also advised of the
arrival of the animal transport Azetec
at Kobe with horses for the Third cav-
alry aboard.

Railroad Company Blamed.

Lansdale, Pa., Sept. 8.—The cor-
oner's jury, which has been investigating
the cause of the wreck on the Pennsylv-
ania and Reading railroad at Hatfield
in which 13 persons were killed and over
50 injured in a collision between a milk
train and a crowded excursion train, ren-
dered a verdict fixing the responsibility
upon the railroad company.

He Was Charles Russell.

St. Louis, Sept. 8.—The man who
died Wednesday at the St. Louis hotel,
where he was known as Charles Russ,
has been identified by friends who knew
him years ago as Charles Russell, a
famous acrobat and clown, who at one
time was P. T. Barnum's leading at-
traction.

Jealous Husband's Deed.

New York, Sept. 8.—John Rieder, a
veteran of the civil war, killed his wife
and himself in their home in Brooklyn.
He was 69 years old and his wife was 30
years younger. Jealousy was the cause
of the double tragedy.

Oldest Methodist Minister Dead.

Williams, Cal., Sept. 8.—Rev. Loren-
zo Waugh, the oldest Methodist minister
in the world, died suddenly in the rail-
road depot here Friday.
